Course Assessment

THEORY

PRACTICAL PLACEMENT

A balance to give you the knowledge, skills and real experience

We start with using guided tasks and case studies to teach you the theory around lesson planning, classroom management strategies, English language and teaching techniques, resource selection (and so much more!). We then work with you to develop your skills as a teacher through the practical placement program. This combination of theory and practical is the perfect balance to give you the knowledge, skills and real experience to teach English to speakers of other languages anywhere in the world, regardless of what language is spoken.

The course is structured by a series of tasks that address the topics of each unit. **Your Trainer will be there to answer any questions that you have and also provide you with feedback as you progress through the course.**

The types of assessment tasks include:

- case studies, multiple choice, short and long answer questions, etc.
- observation and practice teaching (ex Preparatory Cert)
- collecting and creating a portfolio lesson plans, resources and activities

The assessment is competency based. This means that you will be graded as 'competent' (C) or 'not yet competent' (NYC). If you are graded NYC you will be provided with specific feedback about how to improve and given another opportunity to resubmit you assessment. You need to be assessed as competent in all of the assessment tasks (including practical placement) in order to be awarded your qualification. If a you withdraw from the course after completing the theory of the course, but before you have completed all practical placement, then you may only be awarded a few units of competency (depending on assessment items completed).

Assessment is submitted via the LTi TESOL Online Student System (TOSS) which is available 24 / 7.

Get real experience

Our practical placement program will give you real experience in an ESL Classroom before you graduate.

Practical Placement

We want you to be backed by a course that fully prepares you for teaching English to speakers of other languages. This means **not only learning the theory of how to teach English, but also getting out into the real world and actually teaching it!**

Our placements are exclusively in real life-English as a Second Language (ESL) environments, **either in a classroom or virtual online classes**, with genuine English as a Second Language (ESL) Learners. During your placement you observe an experienced trainer teaching English to speakers of other languages and then plan and deliver your own English as a Second Language (ESL) lessons. This is so that you can put the theory of the course into practice and develop your skills as an ESL teacher. Your teaching will be observed by a qualified and experienced ESL teacher who will be able to provide you with **feedback and support to help develop your teaching ability**. Through our practical placement program **you will get to:**

See an experienced ESL teacher in action

Get tips about ESL teaching strategies and techniques

Gather lots of ideas for ESL lessons

Learn to identify English proficiency level/s in classrooms

Test what delivery style works best for you

Apply what you learn in the course to real life situations

Teach your own ESL lessons

Get feedback on your ESL lessons and teaching style

Get real work experience that you can put on your resume

Amount of Prac

The amount of practical placement you will be required to complete depends on the TESOL Course that you do. Below is a summary of the minimum prac hours for each of our TESOL Courses:

Course	Observation Hours	Practice Teaching Hours	Total Hours
Preparatory Cert	-	-	-
International Cert	6 hrs	3 hrs	9 hrs
Cert IV	6 hrs	6 hrs	12 hrs
Diploma	10 hrs	10 hrs	20 hrs
Grad Cert	45 hrs	15 hrs	60 hrs

Practical placement is done in a voluntary work experience capacity that can add instant value to your resume.

Finding a Placement

LTi will work with you to find a suitable Practical Placement host organisation or teaching situation. We have a network of placement organisations around Australia, overseas and online. In some cases you may choose to take the initiative of seeking out and finding what options are available in your local community. If you know of institutions in your local area that you'd like to approach rather than using one of our recommended organisations, you will need to check that options you find meet the Course requirements.

In some cases you may need to be willing to do things such as:

- Take some time off from work each week or for a short period sometime during your enrolment, in order to attend your practical placement (**either in person or online**).
- Travel some distance each week to the organisation that you will be doing your practical placement with. You may need to allow for travel and accommodation costs if suitable situations are only located a significant distance from home.

Recognition of Prior Learning (RPL)

If you've taught English as a Second Language (ESL) before or you have existing qualifications in TESOL, then you may be eligible for full or partial Recognition of Prior Learning (RPL).

You will need to be able to provide evidence of your past experience or qualifications.

RPL can be helpful to reduce the duration and cost of the TESOL Course. We have a streamlined RPL process and can provide a free initial consultation with you prior to enrolment (please contact us to arrange a time to speak with one of our RPL Assessors).

If you believe you may be eligible for RPL, then please see the full RPL information and RPL Guide at: www.lti.edu.au/rpl

Trainer Support

Our TESOL Trainers are highly qualified, experienced and passionate about TESOL. They are eager to share their experience with their students.

When you enrol in the Course, your Trainer will connect with you to introduce themselves. They'll be there to support you through your studies. You can email to ask them a question at anytime and can arrange extra one on one support if needed.

Study Timeframe & Commitment

With online distance education you have the flexibility to start whenever it suits you. There is no set schedule and you can study anywhere anytime. The time it takes a student to complete the Course varies depending on factors such as:

- how much time you can spend studying each week
- your English language knowledge and competence
- your desire to do extra study and research along the way
- your past experience with any kind of teaching or learning
- your time spent in lesson planning and preparing for practice teaching
- other personal factors such as health, family, financial and employment circumstances

With Online Distance Education, **you can work as quickly as you want.** Cert IV or Diploma students also have the flexibility to choose to be enrolled as a full-time or part-time student.

Please note that the below hours are just a guide. Most students will spend less time studying - the time it takes to complete depends on your circumstances.

Course	Study Mode	Duration	Average Hours Per Week	Total Course Hours
Preparatory Certificate of TESOL	Full-time	6 months	7 hrs	160
	Part-time	12 months	3 hrs	
International Certificate of TESOL	Full-time	6 months	9 hrs	200
	Part-time	12 months	4 hrs	
Certificate IV in TESOL	Full-time	12 months	13 hrs	580 – 650 (depending on elective)
	Part-time	18 months	9 hrs	
Diploma of TESOL	Full-time	18 months	20 hrs	1300
	Part-time	24 months	15 hrs	
Grad Cert	Full-time	18 months	18 hrs	800
	Part-time	24 months	12 hrs	

The above hours are just an indication of how long you might expect to spend studying the course. **Some students complete their course in less time**, for others, life sometimes ends up getting in the way of study and they end up needing more than the above time frames. And that's ok, we offer extensions. Switching from full-time to part-time is free, but if you need more time than the part-time duration, then in most cases an extension fee will apply.

Course Resources

You will be provided with all electronic and online resources through access to the LTi TESOL Online Student System (TOSS), including:

Bite sized, pre-recorded **tutorial videos** available 24 / 7

Downloadable Workbook and Practical Tasks – editable Word / PDF versions (these workbooks are a series of tasks designed to develop and assess students knowledge of TESOL)

Recorded **observational videos** (i.e. examples of experienced teachers delivering English lessons)

Online **practical placement opportunities** available. Or, depending on your location, we may be recommend a placement organisation for in person placements (e.g. those who have previously hosted our graduates)

Course Entry Requirements

It is important that you have an adequate level of written and spoken English ability. This is not only so that you have the skills to complete the course, but also so that you can be a successful English as a Second Language teacher. **The entry requirements vary depending on the Course.**

Preparatory or International Certificate of TESOL

It is recommended that you can confidently and fluently read, write, speak and understand English before enrolling, which would approximately be at the level described above. If you struggle with any of these skills then you may want to do an English Course before undertaking this TESOL Course.

Certificate IV in TESOL or Diploma of TESOL

To gain entry into the Certificate IV or Diploma of TESOL Courses, **you need to provide evidence of a sound level of ability in written and spoken English.** One of the below examples of evidence of English proficiency must be provided prior to enrolment in the course. The LTi Admissions Team will then assess if you meet the course entry requirements based on the evidence provided.

Evidence of English proficiency examples include:

- **Year 12 High School transcript** showing a pass level or higher at the completion of Australian senior secondary school (Year 12) or **Year 10 High School transcript** showing a very high level at the completion of junior secondary school (Year 10)
- **Completion of a Certificate III or higher** level Course in the Australian Qualification Framework (this must have been studied / completed in English)
- **Enrolment in other courses** of study requiring equivalent or above levels of English ability (for example a University Bachelor Degree)
- A result from an **endorsed English proficiency test** (with an IELTS score of [6.0 or equivalent](#))

Graduate Certificate in TESOL

To gain entry in the Graduate Certificate, you must have a sound level of English proficiency and hold a degree or have significant industry experience in combination with a lower level TESOL qualification (e.g. Diploma of TESOL + 2 years teaching experience). Evidence is required upon enrolment.

Technology Requirements

The TESOL Courses are online courses and you will need a computer or device with internet access in order to complete it. The course will require you to download, read and complete documents (in either PDF or Word format).

Opportunity awaits

Our TESOL Courses can open international possibilities for Teaching English to Speakers of Other Languages.

Course Outcomes

A TESOL Course can open global opportunities, allowing you to **teach English anywhere regardless of what language is spoken** (a lot of the time to students from various different language and cultural backgrounds in the one classroom!). You can use the skills you learn in the Course to teach **either in classes or online ESL schools**.

*Important note: for employment possibilities

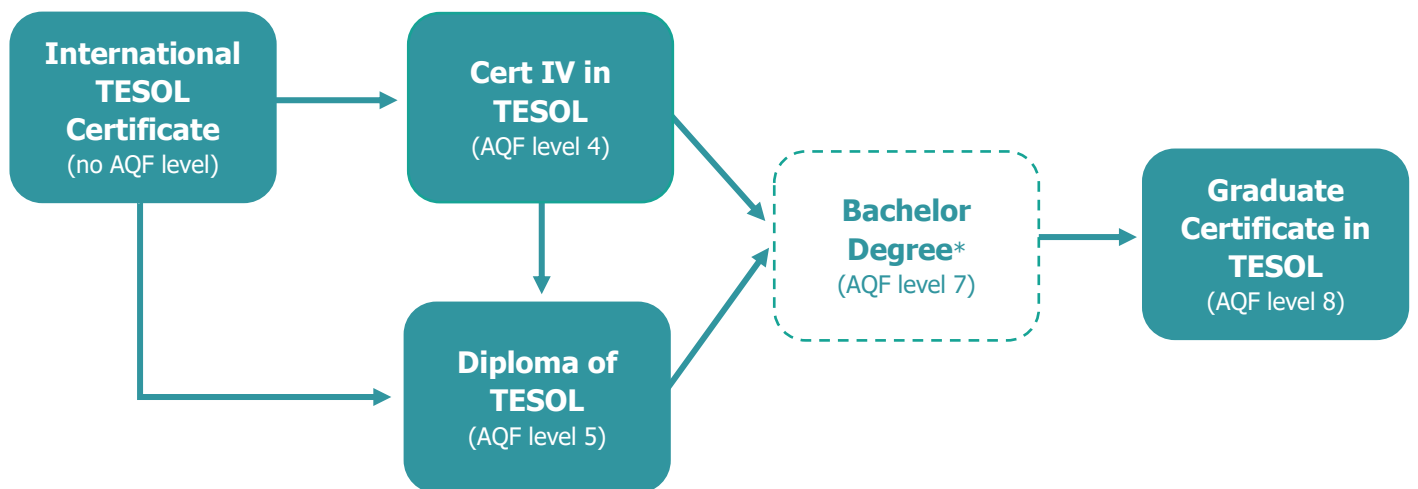

The positions open to you will vary depending on:

- your existing qualifications and experience (if any)
- the level of English you want to teach (e.g. conversational English vs. academic level English)
- the country you want to teach in (different countries have different expected requirements)

Because these factors can vary so much between individuals, different countries and institutions, we recommend that you research the requirements for whatever country, and particular employment opportunities that interest you - one of the best ways to do this is by performing a job search.

Some potential employment opportunities involving the delivery of accredited English Courses in Australia may only be possible where the graduate also hold additional qualifications, such as a Certificate IV in Training and Assessment or a Bachelor of Education.

Educational Pathways

* Credit towards university degrees can vary depending on the degree type as well as the individual university's programs and policies. Enquires about credit should be made directly with universities. Contact us for recommendations of universities that have previously granted credit for graduates.

Specialist Programs

TESOL qualification graduates may gain entry into the following specialist programs (see page 18 for program information).

Keep your options open

With a dual or double TESOL Qualification, you'll be able to maximise your employment opportunities or responsibilities.

Dual TESOL Qualifications

You have the option to complete a **Certificate IV + a Diploma** of TESOL at the same time.

Why do a dual TESOL qualification?

Four quick reasons people choose to do two TESOL qualifications:

#1: More employment opportunities - While both qualifications train you to teach English, the Certificate IV in TESOL allows you to choose an elective unit (e.g. in early childhood, primary, teenager learners or technology, etc) & the Diploma of TESOL teaches skills around managing English programs. By doing both qualifications, you can maximise the number of employment opportunities available to you.

#2: Make yourself more versatile - you'll learn a wider range of skills relating to teaching English and coordinating English programs. If your employer asks you to take on more responsibilities later in your career, you'll be prepared with the extra skills you've learnt.

#3: Stand out from the crowd - your resume will stand out with two TESOL qualifications listed on it. It may give you the competitive edge over other applicants going for the same position.

#4: Save on work, time & money - you'll get credit applied between the Certificate IV and Diploma, so will be able to complete the qualifications quicker than if you were to do two separate qualifications. It is also more cost effective (see our special offers).

How does it work?

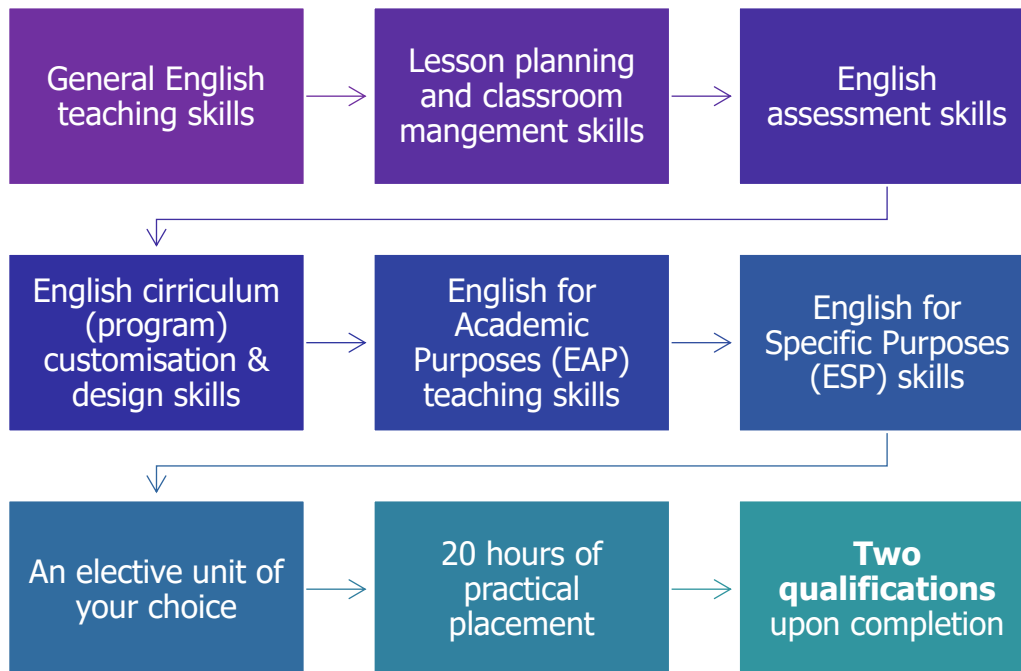

You will be enrolled in two qualifications via online learning:

The **nine (9) core units are the same** for the Certificate IV and Diploma of TESOL. This means you don't need to repeat the units for each of the qualifications, credit will be applied between the courses.

After doing the core units you will go on to **complete one (1) elective** unit for the Certificate IV, **plus five (5) additional core units for the Diploma**. You also complete practical placement, with 20 hours of placement, giving you a broader introduction to teaching English. The placement is in a genuine English teaching environment and can be put on your resume as voluntary work experience.

You'll get:

Specialist Program Options

Participants must hold a TESOL qualification prior to entry in the following programs

Young Learners in TESOL Specialist Program

This specialist program teaches the skills required to work with early childhood learners (0 to 5 years old), primary school-aged learners (5 to 12 years old) and teenage learners (12 to 17 years old). It examines the learning characteristics and language use of learners at various stages of childhood and development. It explores age-appropriate learning goals, with application to appropriate ESL classroom techniques, as well as strategies and evaluation techniques.

The program includes the following government accredited units:

- ✓ NAT11021001 - Teach English to early childhood learners
- ✓ NAT11021002 - Teach English to primary school aged learners
- ✓ NAT11021003 - Teach English to teenage learners

English Course Management Specialist Program

This specialist program teaches the skills to set up, coordinate and manage community-based ESL programs. It teaches practical techniques required to investigate local needs, establish a new ESL program, incorporate music, art and drama teaching tools, recruit and train volunteers, monitor and mentor staff, budgeting and funding and planning a program for a specific purpose.

The program includes the following government accredited units:

- ✓ NAT11021004 - Use music art and drama in TESOL
- ✓ NAT11021005 - Work with volunteers in English as a Second Language contexts
- ✓ NAT11021006 - Establish community based English classes
