## 7. Academic Integrity

All students are expected to uphold the highest standards of academic integrity. This includes proper attribution of sources and avoiding any form of plagiarism.

Plagiarism is strictly prohibited and considered academic misconduct. Plagiarism includes, but is not limited to, the use of another person's work or ideas without proper attribution.

Language Training Institute acknowledges that the responsible use, exploration and integration of emerging technology such as Artificial Intelligence (AI) tools may be helpful within the learning environment. Students may use AI for understanding content, practicing language skills, improve spelling and grammatical errors and researching ideas. Where a

student uses AI, they must clearly distinguish their own work from AI-assisted contributions, with proper attribution. All submitted work must be the student's original creation, and AI-generated content must not be used without proper acknowledgement. Misuse of AI tools, including plagiarism, will result in academic penalties as per LTI's [Student Handbook](#).

To keep the academic integrity of your own work and the work of others, the use of AI tools to generate content for large portions of assessment work is considered academic misconduct. Violations of this policy may result in disciplinary action, including but not limited to suspension or termination of your enrolment.
